FIFTEEN CENTS

Senior Center's management negotiated as completion near

Antioch's new \$100,000 Senior Citizen Building will be ready for use within the next two weeks, was the report given by Mayor Mike Haley to representatives of senior citizen groups that attended the village board committee meeting to discuss the center.

"The main purpose of this meeting is to find out what the needs of all the seniors of the village and township are," Haley added.

Since neither the village or township of Antioch has people to staff the senior center, negotiations with Catholic Charities is underway so that professionals may take over the management of the building.

Jean Merzak, representing Catholic Charities explained the manner in which Catholic Charities functions, going into detail about the comprehensive and home care given to seniors by this group.

She also told of the transportation of the elderly and other social services that would be made available to the elderly of the area.

"Although the word charity is part of our history, we would like to give the entire concept a more 'clubby' atmosphere," she said.

The serving of meals, four days a week, under a government funded nutrition program and having a staff person available five days a week from 9 a.m. to 3:30 p.m. is the basic program planned for the center by Catholic Charities.

Ruth Davidson of the Chain of Lakes Senior Services reported that a base of operations or office space was the immediate need of that organization.

Serving "Meals on Wheels" to seniors who were house bound and supplying mini-bus rides to transport the elderly to medical, shopping and social facilities were the two main services offered by CLSS.

AARP President Dolly Spearing asked for the use of the building for AARP meetings on the second and fourth Tuesdays of each month and also one Saturday a month.

Members of Food, Fun and Friendship told of serving food on Mondays, Wednesdays and Fridays and said that more volunteers were needed, not only to transport seniors to the functions but also to help with and supply more entertainment ideas.

Mayor Haley said that all these needs would be kept in mind in their negotiations with Catholic Charities.

He also spoke of hopes of the eventual involvement of all these separate groups into one.

A tour of the new facilities was then given to the seniors present after which the board resumed its meeting to discuss the financial status of the village for the first quarter of the fiscal year, 1980-81, as to disbursements and receipts according to the different funds and departments.

Village revises plans, Sequoit Creek settled

The red tape has reached its end in the Sequoit Creek project over which the Village of Antioch and the Antioch Grade School District have disagreed for more than a year.

District 34 Supt. Don Skidmore said after the August 19 school board meeting that Roger Leistico of Antioch's engineering firm, Applied Engineering Co., has agreed to drop the proposal to rechannel or relocate the creek, and instead, install only two new culverts, clean the creek and put in sewer and water main stubs under the culverts.

The Illinois Dept. of Transportation

(IDOT) recommended in June that the project consist of an overflow channel allowing normal flows to pass through the existing creek. The IDOT suggestion was similar to what the school board sought when it initially voiced objections to the village plans last year. After negotiations with IDOT, the village submitted a revised, reduced proposal in early August.

Fearing that the original creek project, which would increase the velocity and capacity of water in the lower area of the creek adjacent to school property, would

ACHS Board dumps school junk food machines: USDA

In apparent attempt to cut the students junk food consumption and to comply with the latest USDA guidelines, the Antioch High School Board approved a change in the vending machines currently placed in the Commons. Those dispensing carbonated beverages will be converted to dispense fruit juice.

Furthermore, certain candies will be replaced by items on the USDA acceptable list.

President Robert Lindblad announced the Board of Education committee assignments for the 1980-81 year.

Approved for employment were Susan Blumenschein as part-time business education teacher to replace Joan Haufschild and Bruce Tossey to teach physical

education.

Tossey replaces Tom Baba who was reassigned as associate dean to replace Dianne Bittner.

The board instructed board delegate to the SEDOL Governing Board Charles Forster to vote for adopting the SEDOL budget at the September 10 Governing Board Meeting.

The preliminary draft of the 1980-81 budget was reviewed and is currently on public display in the general office at the high school.

The public hearing and adoption will be held at the regular Board of Education meeting Thursday, September 18.

Director of Curriculum Gary Allen reported that as of August 19, 1774 students had enrolled for 1980-81.

Daniel Haley dies in crash

Daniel E. Haley, 30, Antioch, died at McHenry Hospital, early Wednesday, August 20, of injuries suffered when the car he was driving was struck head-on by a van driven by Roy A. Miller, 34, Antioch.

According to police reports Haley was traveling east on Grand Avenue in Fox Lake when Miller's westbound van crossed the center line at Stanton Point Road and hit Haley's vehicle in the front end, on the driver's side.

Miller was cited for wrong lane usage.

Haley, a passenger in his car, Tracey Tobias, 21, Antioch, and Miller were taken to the McHenry Hospital by the Fox Lake Rescue Squad.

Tobias was treated for minor cuts and abrasions, Miller, at last report was in serious condition and Haley died a few hours after the accident.

Haley, a real estate salesman, brother of Michael Haley, Mayor of Antioch, was one of fourteen children.

He was preceded in death by his mother, Ursula Haley, who died last year at this time and is survived by his father, Thomas Haley Jr., seven brothers: William; Michael; Clement; Gerard; Edward; James; and John and five sisters: Mrs. Elizabeth Patterson; Mrs. Margaret Dokmanus; Mrs. Mary Malik; Mrs. Rita Garvey and Miss Shiela Haley.

Haley was also the former owner of the Limerick Lounge and the Wharf Lounge, both in Antioch.

A Mass was held on Friday, at St. Peter's Church, where he was a lifelong member, followed by interment at Mt. Carmel Cemetery, Antioch.

create danger to school children, the school board reacted to the original plans by filing formal objections with IDOT.

According to Skidmore, the school board has no objections to the revised plans.

The new plans call for installing new culverts under Highview Dr. and Tiffany Rd., cleaning the creek between Tiffany and Highview, and installing sewer and water stubs under both culverts for future connections.

IN OTHER business at the August 19 school board meeting, Skidmore said his staff "is looking forward to beginning school on a good footing." The new W.C. Petty School is ready and the board will be moving its meetings there on Sept. 2.

THE BOARD unanimously approved the teachers' contract for 1980-81, Skidmore said. It was set for Teachers Assn. approval August 25.

Letter To The Editor

Editor:

Our son had a wonderful summer this year, mostly due to the fact that he was a part of Antioch's Little League baseball program.

He was a member of the Orioles, sponsored by Roland and Marian, the wonderful couple who own Roland's Bakery.

His coaches were Russ Coate and Dennis Flashner, two warm, genuinely interested men who spent many, many hours and a lot of effort working with all the boys on the team.

They gave only sincere praise and encouragement to each of the boys. Both men set beautiful examples of sportsmanship and enthusiasm.

The only criticism given was constructive and everybody on the team got a chance to play.

It was great to be associated with a winner; the Orioles won first place in the "World Series".

Russ Coate helped coach the eleven-year-old tournament team which also received first place trophies last Sunday, in McHenry.

Dennis Flashner's 10 year olds also took the championship!

Thanks to all the people who worked so hard and gave so much to make Little League in Antioch such a positive experience for our children.

Also, there will be a matinee performance beginning at 2:30 p.m. on Sunday, September 28.

A FITTING opening play to launch PM&L's twentieth season, "Our Town" is a classic of the American theater, having won universal critical acclaim wherever the show has been presented.

The play "is the life of any town, of any human, from the cradle to the grave," a New York reviewer once said. "It's really very fine."

Indeed, Thornton Wilder's narrator has promised "To have a copy of this play put in the cornerstone so the people a thousand

years from now'll know a few simple facts about us. . . . The way we were, in our growing up and in our marrying, and in our living, and in our dying."

THE PM&L production of "Our Town" is directed by Tom Hausman.

The principal roles in his cast are played by Don Beveroth, of Paddock Lake, as the narrator; Anthony Starke, Lindenhurst, as George Gibbs; Jeannie Lindgren, Antioch, Emily Webb; Frank Greenwood, Round

Lake, Dr. Gibbs; Mickey Mandel, Fox Lake, Mrs. Gibbs; Yvonne Dyer, Antioch, Mrs. Webb; Lou Jones, Round Lake, Mr. Webb; and Bruce Stamm, Round Lake Beach, as Simon Stimson.

These principal players, many of them well-known to Antioch theater-goers, are supported by a large and talented cast.

A great play to kick off PM&L's great Season 20 bring together all the ingredients for a sure-fire hit.

Tag day on Aug. 28

The Lake County unit of the American Cancer Society will hold their annual tag day in Antioch during the Antioch Chamber of Commerce and Industry Moonlight Madness events on Thursday, August 28, and during daytime hours on Friday, August 29.

Due to rising costs and extended services provided by the unit, tag day has become a vital part of the society's funding.

Members of the Antioch Womens Club and other concerned volunteers will be stationed at key locations in the village to accept contributions.

Only with the support of the community can the cancer society continue to function directly and efficiently in the Antioch area, keeping its services available to all in need, according to Antioch Womens Club co-chairmen of the project, Mary Hallett and LuGene Nisson.

Dental Health**

By

ROBERT J. PAULETTI, D.D.S.

ARE PRIMARY TEETH IMPORTANT?

Want to make your dentist cringe? Tell him not to waste his time on your child's severely decayed tooth because, "It's only a baby tooth and he's going to lose it anyway".

Don't kid yourself! Primary teeth (a much better phrase than "baby teeth") play a very important role in the development of a child's future dental health. Obviously, they are necessary for chewing. Even more important, primary teeth create the proper spaces for permanent teeth. A primary tooth that is prematurely lost can no longer do this job. The teeth nearby will crowd into the empty space, and when the follow-on permanent tooth tries to enter there may be no room. As a result, it

may become impacted (lean sideways inside the gum). It may come out in the wrong place (for example, through the front of the gum). Or, it may crowd its way in and destroy the delicate balance of the mouth.

Losing primary teeth prematurely is one of the commonest reasons for orthodontic treatment later on. Prompt treatment with a space-maintaining appliance is generally called for to reserve the room for the next tenant.

A public service with the aim of promoting a better dental health environment. From the office of: **ROBERT J. PAULETTI, D.D.S., Route 1, Antioch. Phone: (312) 395-1363.**

Rotarians hold lunch in teacher recognition

The seventh annual Teachers' Recognition Luncheon sponsored by the Antioch Rotary Club was held at the Brave Bull on Thursday, August 21.

The purpose of the luncheon is to demonstrate community support of the area's education programs.

The Rotarians take this occasion to let the new educators know that they are recognized as individuals and that the members of the

club are willing to assist them in every way in support of their children's education.

This also is a chance for the community members to meet each teacher personally.

Representatives from St. Peter's, Emmons Grade, Grass Lake Grade, Antioch Upper and Lower Grade, Antioch Community High School and Faith Lutheran School were met and entertained at the annual Rotary affair.

QUESTION: What did you think of the Democratic Convention and its outcome?

MRS. MICHELLE ANDERSON, "I think it was a big joke. Everyone made promises you know they aren't going to keep."

PAUL MAGINOT, "I think they should have had an open convention but now since the committee accepted the changes in the platform, President Carter should stick to that platform."

PHYLLIS TURNER, "I didn't see much of it but it turned out the way I expected it to."

BILL BARR, "I've never entered into politics because it seems that I still have to go to work the next morning and it doesn't really make a difference."

OUT-DOOR WOOD®

Wolmanized

Pressure-Treated Lumber

Bad news for termites, great news for homeowners

Outdoor® brand wood? Yes, you can get wood that is specially prepared for exterior use.

Outdoor wood is Wolmanized® lumber and plywood. It's ordinary wood—pressure-treated with Wolman® preservative chemicals so that it lasts for decades. It's resistant to decay and termites.

When you build a fence, patio, or any exterior structure, this is the beautifully practical material.

Considering how long Outdoor wood lasts, even if you don't paint it, or stain it, it's relatively inexpensive. Use Outdoor wood for your next project. You can be sure it will have the appearance and shape-holding qualities you expect because Outdoor wood is a high grade of material.

Be sure to look for the Outdoor® wood mark on each piece of lumber. If it doesn't have the mark, it isn't genuine Outdoor brand wood.

Prietzel leads Wilmot winners

Bill Prietzel, Franklin, won the 25-lap Hank's Alignment SCRAM late model feature August 20 at Kenosha County Speedway.

Mike Bicanic led the opening lap of the non-stop main with Mike Conn taking top spot laps two through five.

Gordie Seegert, Jr. took over on lap six and maintained the lead until lap 11 when Prietzel worked his way on top.

POINT LEADER Whitey Harris took second with Al Schill, fast qualifier and heat winner Mike Melius, Jack Aschenbrenner and first time heat winner Don Collins finishing third through fifth.

Wayne Erickson and Wes Eckert won their first heats of the season with Jim Tyerrell copping his first semi-feature. Al Atkinson held off Duke Norton to win his first consolation race.

Joe Gresk, Raymond, won the Hank's Alignment 15-lap SCRAM sportsman feature as he led from start to finish. The earlier heat winner was followed by John Bowers, fast qualifier and point leader Al Tietzen, Bob Rasmussen and Kurt Duerstein completing the top five.

The WRKR-radio 15-lap spectator feature was won by heat winner Lyle Derler, Trevor, in the Pink Panther Camaro.

THE RACE was red flagged on lap four when Gordon Gottschalk rolled his mount over on the backstretch. He was uninjured.

Rick Lawrence was leading at the time with Derler taking top spot on the restart.

Derler maintained the lead despite a yellow flag coming out when Dan Derler and Bob Hallstrom tangled in front of the grandstand. Neither driver was injured, however, both were forced

out of action.

Dan Rausch, who was fast qualifier, took the lead from Derler on lap nine and maintained it with the two battling wheel to wheel much of the time. Derler took the lead for good on lap 14 with Rausch, Lawrence, Doug Leib and Richard Reth rounding out the top five.

Bob Holbach, Bob McCracken and Don McClellan each won their first heats of the season with McClellan also winning his first semi-feature.

The SCRAM late model and sportsman season championship races are scheduled for Wednesday, August 27. Saturday racing continues through Sept. 20.

Along the way with ANNIE MAE

Bob Lang, whose fishing resort on Lake Marie, was severely damaged when an electrical fire gutted the upper half of the building, tells me that he is planning to rebuild as soon as an insurance settlement is reached.

Damage was estimated by Antioch fire officials to be from \$40,000 to \$50,000.

Congratulations to Paul Cramer who has been granted a bachelor of arts degree from Wheaton College.

Paul, who majored in Christian education, and music, toured with the college concert choir for three years while attaining his degree.

Welcome to pretty and very very French, Emmanuelle Humbert, the Rotarians' inbound exchange student.

I wonder if Don Skidmore is going to report the interest on the five dollars he saved this season by not betting on his golf game to the IRS?

The "fine" ceremony conducted by appointed "fine" masters at the Rotary meetings is not only a commendable one, with the fine money going towards Christmas packages for needy families, but a lot of fun.

At the last meeting Bud Hotz was fined for being the most unpopular Rotary member, being the township's assessor, Rev. Steve Williams was fined for selling church property to the village and Jim Hamlin got the gavel for belittling fine master Ted Larsen's green sportcoat.

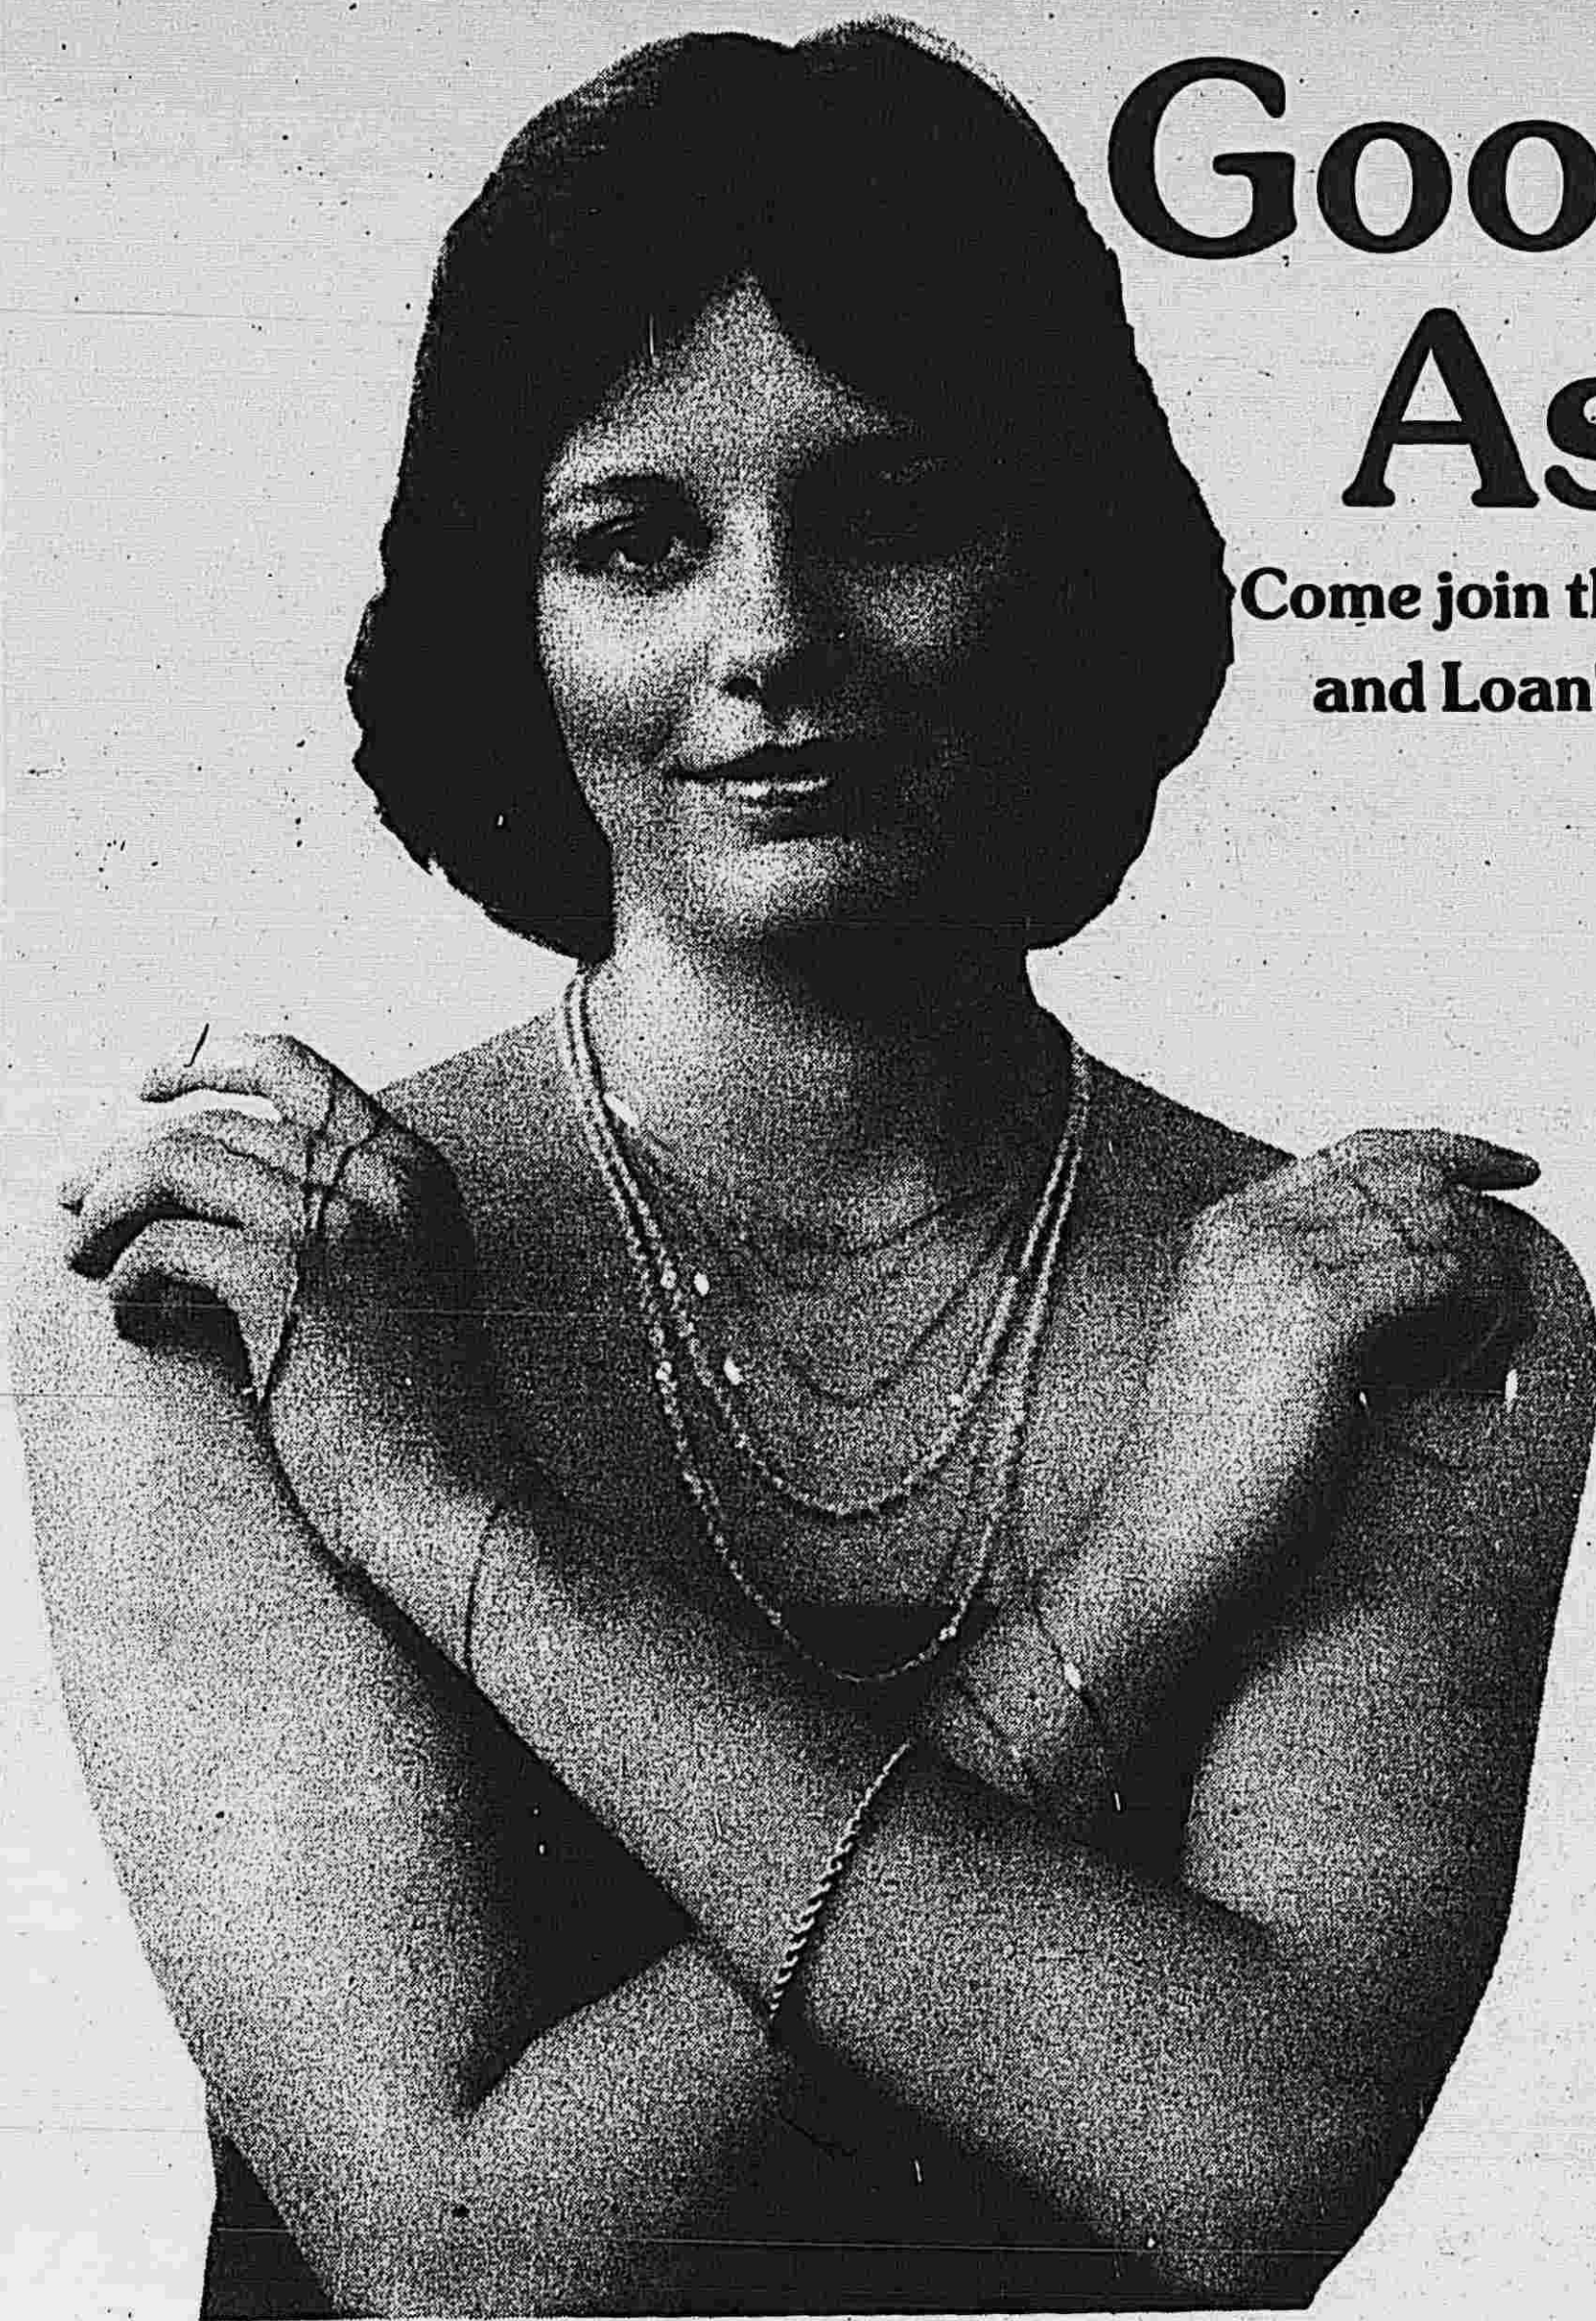

Happy 81st birthday to Julie Jecha who was 81 years young last week.

Talk about world travelers, John Proctor who is now a Marine corporal serving with a Marine landing battalion based in Kaneohe Bay, Hawaii, just returned from training exercises in the Philippines and Japan.

I hear John also got to visit several other Far Eastern countries along the way.

What's this I hear about a possible five mayoral candidates vieing in this year's election?

Let's see, so far we have Mike Haley, Bob Wilton and gossip has it maybe one or two present and past board members might have mayoral fever.
